THE **WE VALUE NATURE** 10-DAY BUSINESS CHALLENGE **PROGRAMME**

There has never been a better time for businesses to assess their impacts and dependencies on nature. Through understanding and considering the risks and opportunities created by nature, businesses can make better decisions that benefit themselves, society and the planet as a whole.

The We Value Nature 10-Day Challenge consists of a series of practical sessions and small challenges spread across 10 days.

Registration for sessions is now open on the We Value Nature Website

Sign-up to the challenge to receive 10 daily emails throughout the event containing a daily challenge and news about upcoming sessions.

The campaign is being led by the Institute of Chartered Accountants in England and Wales alongside the World Business Council for Sustainable Development, IUCN and Oppla.
